Mention Premier Genetics Sale for Negotiated Rate.

Terms and Conditions:
Terms: Terms of the sale are cash or bankable check, unless prior arrangements have been made. All settlements are to be made with the clerks of the sale immediately following the conclusion of the sale.

Bidding: Each animal offered for sale will be sold to the highest bidder. The auctioneer will settle any and all disputes as to bids and his decision on such matters shall be final. Any announcements made from the auction block shall take precedence over any printed material in the book or supplemental sheets furnished on sale day. All animals in the sale will become the immediate property of the buyer once they are sold.

Rights and Obligations: In the event of default in any part of the terms and conditions concerning the sale by either the buyer or the seller, it shall be the responsibility of the buyer or seller to instigate any action necessary to bring about a fair settlement of any claims arising from this sale and to be responsible for any and all costs involved therein. The sale management assumes no responsibility, legal or otherwise, for the failure of either the seller or buyer to fulfill their obligations. All persons who attend the sale and related functions do so at their own risk. Neither the sale manager nor any other person connected with the sale or show assumes any liability, legal, or otherwise.
Welcome to the Inaugural Premier Genetics Sale. It is with excitement that we invite your attendance to Mason, Michigan for this multi breed sale; Created by fellow breeders, with the desire to offer a market place for all facets of the beef cattle industry. This includes seedstock producers, commercial cattleman, and even juniors looking for their next show heifer prospect.

The sale offering, brought to you by the families and breeders, of the Premier Genetic Sale; is straight from the heart of their herds and their respective programs. This features the progeny and service of some of the most popular and proven sires across the beef cattle spectrum, and genetics backed by strong maternal traits and cow families. This includes club calf and registered Hereford, Angus, and Simmental genetics.

The beef cattle industry is at an all time high. The demand for quality genetics is not only strong but as important as ever. The heart of this sale features a fancy set of bred heifers, that are being presented in pens of 2 and 3. We feel these females are good enough to compliment, be replacement females or new additions for most anyones herd. The female offering also includes a super set of junior show heifer prospects; that we feel will be competitive in the show ring and be positive and productive cows in production. Complementing the female offering is a stout set of breeding age bulls. These bulls are right for the times, ideal for today’s standards, and will add value to your calf crop.

Whether you are looking for your next herd sire or wanting females to increase or replace your cow herd numbers or looking for that next show heifer for your children; We encourage your attendance and inspection of these consignments from wonderful, hard working families.

If we at Lowderman Auction Options can be of any assistance, feel free to contact Cody or Monte, at the numbers listed below.

We look forward to seeing you at the sale.

Liberty will bring you a showy finish to your herd by having a straight top line and big boned. She has had two calves on our farm with great calving ease; never had to assist her. She was AI’d to BPF Classic on 5-14-14, making a calf due 3-3-15. However, she was also exposed to our herd bull from -8-14 to 8-30-14, who was an Irish Whiskey son and the 2014 Grand Champion Maine Anjou Bull at the Michigan State Beef Expo. We will have a vet pregnancy check her to confirm her due date and we will update you at the sale.

CONSIGNOR: Barnett Farm

Bailey will improve your herd with height and solid structure with great genetics to back her up. She was AI’d to Pillow Talk on 5-4-14, making a calf due on 3-3-15. However, she was also exposed to our herd bull from 6-8-14 to 8-30-14, who was an Irish Whiskey son and the 2014 Grand Champion Maine Anjou Bull at Michigan State Beef Expo. We will have a vet pregnancy check her to confirm her due date and we will update you at the sale.

CONSIGNOR: Barnett Farm

Here is a deep sided heavy muscled female with some chrome. Her mother milks extremely well and is out of Total Solution. If I didn’t have so many heifers last year she would not be for sale.

Pay attention to this outstanding brood cow prospect! This 3/4 Simmental heifer has a stacked pedigree and the phenotype to back it up. Backed by Broker who was the “triple crown” winning bull from 2012-2013 and 780T who is a whale of a donor cow out of the great 3C Macho. 445B has depth, dimension, and stoutness to burn! Mate her for purebreds or percentage offspring. The choice is yours!

CONSIGNOR: Slavik Show Cattle
What better colored calf to win than a really good RED one! This time of year it is hard to find a good show heifer but we saved this one just for you. This heifer has a bright future ahead in the show ring and then probably a brighter future in the pasture raising those really good colored up club calves. The breeding options on this fancy double clean (TH free / PHA free) Monopoly daughter are endless. This female has the pretty front end that ties into a soggy middle that every Judge loves. She is sound structured with plenty of bone and substance plus she's got lots of hair. She's tame and easy going so she will get along with just about anyone. Don't miss out on your chance to buy this young lady!
